

For the Atari 2600

Catamujó

**INSTRUCTION
MANUAL**

The snail has embarked on a mysterious journey, far from familiar landscapes. Along the way, it will encounter various friendly and hostile creatures.

Your task is to help the snail reach its goal. The path is unknown, just like to you as you navigate through the game. This manual cannot provide you with direct assistance on this journey.

The only thing the snail knows more than you is its objective.

Butterfly

Ladybug

Bee

Praying Mantis

Jr. Hedgehog

Snail (Caramujo)

A small pixel art character with a blue head and yellow body, standing on a small patch of yellow ground.
