

For the Atari 2600

NINJA

BLOCK

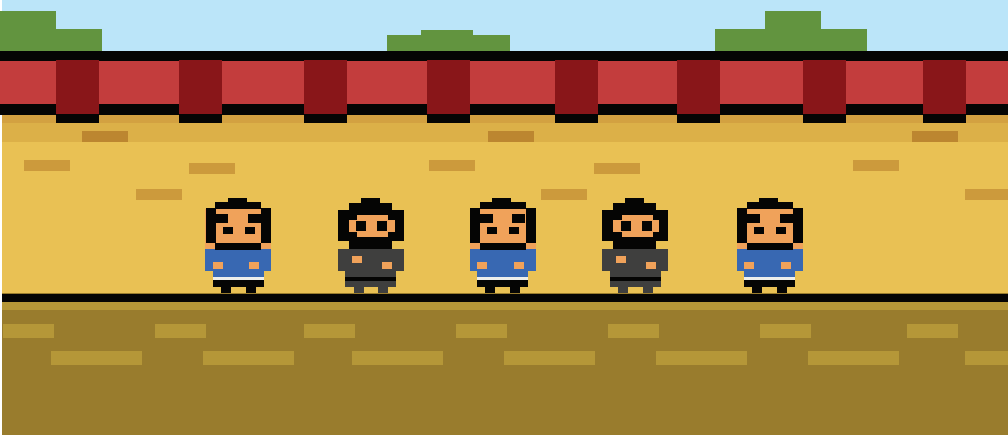

INSTRUCTION
MANUAL

Long ago, in the distant realm of Nippon, three brave samurai and two skilled ninjas stood before the mighty wall of an ancient temple. Without their weapons, they were exposed to danger. A mysterious ninja from the shadows continuously hurled deadly shurikens, attempting to break their defense.

Your mission is to protect them! Using a magical barrier that you can move left and right, you prevent the shurikens from hitting your warriors. However, only when you press the fire button on the joystick does the barrier become strong enough to stop the shurikens.

Defend our heroes from the relentless attacks and ensure peace in the realm. Show your skills, be quick and precise, for the fate of our brave warriors lies in your hands!

Ninja Block: Game Manual

Welcome to the world of Ninja Block! Get ready to become a master in protecting brave warriors from deadly shurikens falling from the sky. Here's a quick guide on how to become the best protector in this ancient realm:

Controls:

- Use the left and right joystick to move the magical barrier left and right.
- Press the fire button on the joystick to activate the barrier's power and stop the shurikens.

Game Objective:

- Your goal is to protect three brave samurais and two skilled ninjas from the deadly shurikens that continuously fall. If a shuriken passes through your defense and hits any of the warriors, you lose one life.
- The game has three lives. If you lose all lives, the game is over.

Difficulty Settings:

- On the Atari 2600 console, the left Difficulty Switch controls the size of the magical barrier, while the right switch controls the barrier's speed. Adjust these settings according to your skills and preferences.

Scoring:

- Points are awarded based on the height from which you successfully stop a shuriken.
- The lower the shuriken, the more points you earn. Points are awarded per heights: 50, 60, 70, and 80 points.

Become a master of Ninja Block, react quickly, and be precise in your defense! The fate of brave warriors is in your hands. Good luck!
